

Amber Pierson

I am captivated by the Desert Southwest. The light, colors and cultural history of this region are the inspiration for my paintings. From iconic Missions, to retro gas pumps of Bisbee, and to the historic doors of Tucson, I am in constant search of history told in light and color. I work in various mediums but have become totally enchanted with the colored pencil. This medium provides me with the opportunity to fulfill my love of both drawing and painting at the same time.

Exhibitions/Awards/Publications
