

## Marilyn Kloehn

My first drawing class introduced me to the world of colored pencil, and I have been enjoying it ever since. Photographing unexpected or unusual viewpoints lends itself to interesting colored pencil subject matter which I find great delight in. I try to surprise the viewers with this approach. Bright colors, intense contrasts and unusual subject matter while seeking new artistic challenges is my pleasure and goal.

### Exhibitions/Awards/Publications

- Murphey Gallery
- Que Bonita Gallery
- Casa Grande Gallery (Third Place Award)
- Cornerstone Hospital Gallery
- Oro Valley Community Center Gallery
